

## **Why join WMGMA?**

The core purpose of the WMGMA is to advance group practice management in order to improve the delivery of health care in Wisconsin. We do this by focusing on the areas of concern to administrators and managers: professional development, networking, and support.

We also monitor legislation and regulation to help administrators stay "ahead of the curve" in the ever-changing healthcare environment, and we maintain liaisons with payers, consumers, employers, and vendors in order to enhance group practice.

We offer three categories of membership: Regular, Affiliate and Associate.

### **Affiliate Members receive the following benefits:**

- Website Listing: Information about your company including a link to your website and contact information will be posted on the WMGMA website
- Advance notice of conferences and discounts on conference exhibit packages
- Opportunity to attend continuing education presentations at conferences
- Website sponsorship opportunities
- Education Committee participation (participation is limited)
- Annual mailing list/labels of members
- Access to 'member only' section of website including the searchable member directory
- Inclusion on mailing and e-mail list to receive communications sent to our members

*\*Associate and Affiliate members are not eligible to vote or hold Board positions.*

WMGMA has hundreds of individual members representing thousands of physicians and group practices throughout the state. WMGMA is affiliated with the Medical Group Management Association (MGMA), the national medical group association in Denver, Colorado. (Membership with the national association is not required for membership in WMGMA.)
